SUMMARY

Artificial Intelligence & Data Science undergraduate with hands-on experience in Machine Learning, Data Analysis, and Full-Stack Development. Skilled in Python, Pandas, NumPy, and MySQL, with experience in building predictive models and data-driven applications. Strong interest in solving real-world problems using AI and continuously improving technical skills.

EDUCATION

Bachelor of Technology (B. Tech) – Artificial Intelligence & Data Science

2023 – Present

Arya College of Engineering & Information Technology, Jaipur (RTU)

CGPA: 9.1/10 (Till Semester V)

Higher Secondary Education

2020 – 2022

G.B.S.S.S. No. 2 - Roop Nagar, Delhi (CBSE)

TECHNICAL SKILLS

- **Languages:** Python, Java, C++
- **Libraries:** NumPy, Pandas, Matplotlib
- **Concepts:** Data Structures & Algorithms, OOP, DBMS
- **Tools:** Git, MySQL, Jupyter Notebook
- **Soft Skills:** Communication, Teamwork, Problem Solving
- **Core Skills:** Machine Learning, Data Analysis, Data Preprocessing, Model Evaluation, Classification, Python Development, SQL, Problem Solving

EXPERIENCE & PROJECTS

Python Development Intern (Virtual)

Infosys Springboard – Internship 6.0

Feb 2026 – April 2026

Smart Assessment & Question Generation System

- Developed full-stack web application using Django, Python, and MySQL for online assessments
- Implemented features like authentication, quiz generation, leaderboard, and analytics dashboard
- Improved user experience with structured performance tracking system
- Selected among top teams for final project presentation in Batch 13

Internship Completion (Virtual)

Edunet Foundation (AICTE Approved)

Jun 2025 – Aug 2025

Garbage Image Classification

- Developed an image classification model using supervised learning to categorize waste types
- Performed data preprocessing and feature extraction on image dataset
- Achieved improved prediction performance through model tuning

Employee Salary Prediction System

- Built a machine learning classification model for salary prediction (>50K), Achieved ~85% accuracy in classification
- Performed data cleaning, feature engineering, and model evaluation. Used Python, Pandas, and Scikit-learn

CERTIFICATIONS

- NPTEL – Programming in Java (Gold Medalist)
- NPTEL – Problem Solving Through Programming in C (Elite)
- Edunet Foundation Internship Completion Certificates

ACHIEVEMENTS & ACTIVITIES

- Silver Play Button from YouTube (2L+ Subscribers)
- Google Developer Group (GDG) – AI/ML Co-Lead
- Coordinator & Organizer – Hack AryaVerse 2.0 (College Hackathon)
- Organized events like GDG Study Jam, TechSprint Hackathon

ADDITIONAL INFORMATION

- Languages: English, Hindi
